AND ELEGANCE OF EVERY
SHOW.**

**OUR SETUPS ARE
CAREFULLY DESIGNED TO
BLEND BEAUTIFULLY WITH
THE EVENT.**

**TOP-QUALITY SOUND AND
LIGHTING SYSTEMS.**

TECHNICAL SPECIFICATIONS

Features of our MAUI 28 G2 speakers:

Powerful all-in-one column system with 1000W RMS (2000W peak) for clear, loud sound. Deep bass from dual 8" woofers, balanced mids and crisp highs. Super easy setup, Bluetooth for wireless music, built-in mixer. Covers 100 to 250 people beautifully – great volume and even sound everywhere, without being overwhelming.

Our lighting towers:

Two elegant lighting towers that create a warm, romantic atmosphere. They add soft, colorful uplighting and gentle moving effects, giving your show soul and making every moment feel magical and special for weddings or events.
